

## ***Ensuring the Safety of Students and Staff Across the World***

Now, more than ever, security and identification are critical aspects of every school campus. Our identification solutions for educational institutions solve security and access issues to ensure students, educators, and staff feel safe and remain focused on what really matters: developing the next generation of leaders.

Pointman Technologies' Education ID Systems make it easy and affordable to integrate new card technologies to make campus life more efficient for everyone.

## ***Solving Educational Institution Complexities***

- ***Student Safety and Security:*** Student identification cards are being used in schools across the country, from elementary schools to complex university campuses. Day in and day out, we focus on providing solutions that maintain security of the individuals who wear the badges, but our solutions offer more than just safety.
- ***Multifunctional Applications:*** With flexibility for customized designs and functions, identification cards are great for everything from daily transactions to boosting school spirit and camaraderie. With Pointman Identification Security Printing Solutions for student ID solutions, you can issue secure, durable student ID cards that:
  - Manage checkout of books, supplies and other equipment
  - Automate attendance tracking
  - Integrate with existing student account databases
  - Control access to school facilities, restricted areas, and extracurricular events

- **Collegiate Campus Sophistication:** Multi-application campus student ID cards enhance visual identification and create a single way to access a variety of systems and services; increasing efficiency for students and increasing revenues for your campus. Pointman Technologies offers campus ID solutions to help you issue secure, durable student ID cards that:
  - Enable student access to dorms, labs, classrooms, parking, and events
  - Allow students to check out library books, purchase meals and get cash from ATMs
  - Ensure secure login to local networks and databases
  - Integrate seamlessly with existing campus management systems
- **Faculty and Staff Identification and Safety:** Pointman Technologies ID Card Printers allow easy identification of Faculty, Teachers, and Staff employees while controlling access to restricted areas. Improve your ID cards by adding Logos and Mascot images. With Pointman Technologies Identification Security Printing solutions, you can issue secure, durable staff IDs that:
  - Enable at-a-glance identification of faculty and staff members
  - Grant special access to facilities and restricted areas
  - Reinforce your brand by incorporating school colors, logo and mascot
